

Social Learning Construct

PSA Core Concept

Have a problem?

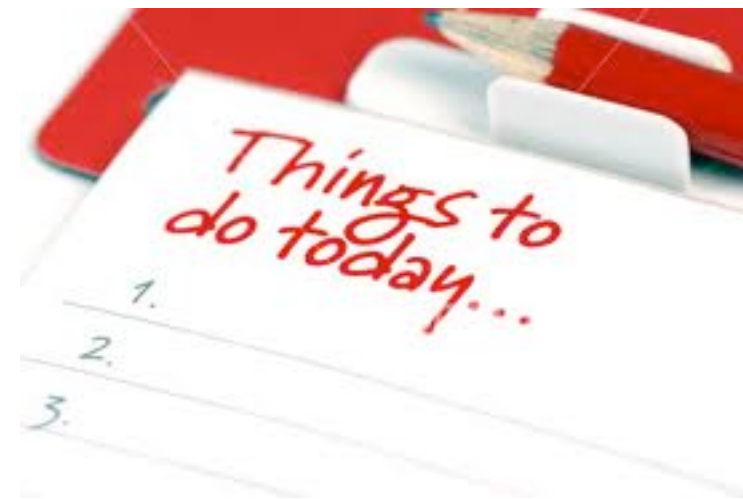

Solutions....

- So much information to sort through

Not enough time...

- Good information but not on my “to do” list

Not enough help....

- Not enough staff to help your clients?

PSA has a solution...

- Bring together agencies and clients to solve like problems together

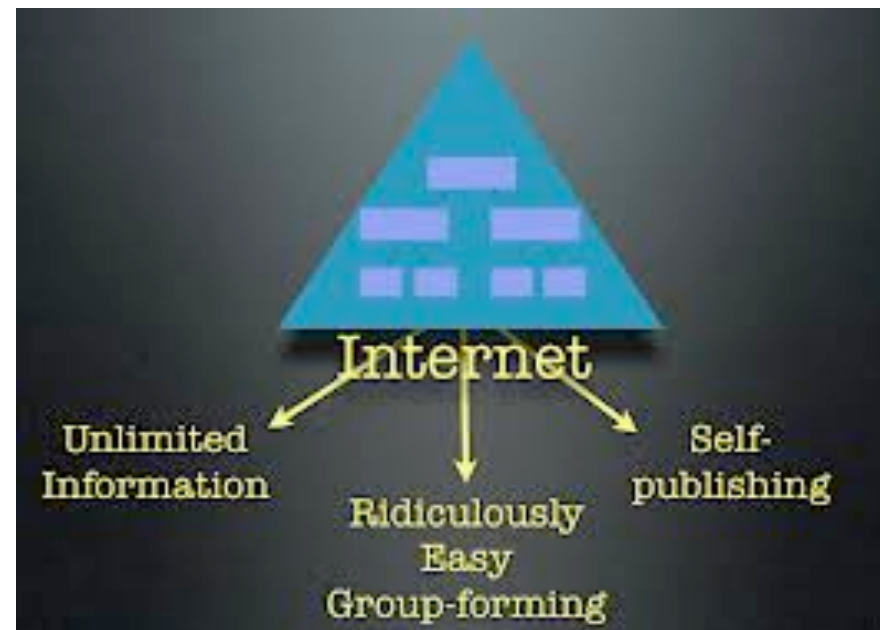

Social Learning Construct

The Social View of Learning

- All of us can teach and learn together

How does it work?

- Use the internet to bring together those with similar problems to solve

How?

- PSA tools to curate, comment, and make connections with those having similar questions to collaborate for a solution

Who?

- Clients of agencies needing help accessing online services and training
- Agency staff working with similar clients

Who helps your clients?

- People with similar questions and experiences
- Expert staff with answers to share

Where....

- Check out [Public Services Alliance.org](http://PublicServicesAlliance.org)
- An open source website solution now under construction for agencies in our community
