Bezos Academy is building a network of tuition-free, Montessori-inspired preschools in underserved communities.

Our preschools offer year-round programming, five days a week, for children ages 3-5 years old.

At Bezos Academy, the child always comes first.

All children deserve the great start that an excellent preschool provides. Bezos Academy aims to nurture the potential in every child to become a

creative leader, original thinker, and lifelong learner by increasing access to early childhood education in underserved communities.

We provide tuition-free preschool to children from low-income families, and value a classroom environment that is diverse.

Our Curriculum and programming is consistent across our network, but each school is responsive to its local community and the needs of its children and families.
